

FASTRACK

Fastrack[®] Canine Treats

The nutrient needs and digestive action of dogs change with their life cycle and activities. Provide your dog a daily treat that contains lactic acid-producing bacteria, dried chicory root, vitamin E and linoleic acid with a flavor dogs' love.

Fastrack Canine Treats are intended to be used in combination with Fastrack[®] Canine Microbial Supplement, Canine Gel, Adult Dog Supplement and Senior Dog Supplement to complement your dogs nutrition program.

Directions For Use: Fastrack Canine Treats are intended for supplemental feeding only as a dietary supplement and is not a complete food for dogs. Hand feed or crumble over wet or dry food.
